It is intended that the referenced clauses shall apply to Subcontractor in such manner as is necessary to reflect the position of Subcontractor as a subcontractor to UNICOM Government, to identify Subcontractor's obligations to UNICOM Government and to the United States Government, and to enable UNICOM Government to meet its obligations under its Prime Contract or Subcontract.

The following definitions apply unless otherwise specifically stated:

"Prime Contractor" - the legal entity issuing this Order/Task Order.

"Subcontractor" - the legal entity which contracts with UNICOM Government.

"This Order" - this contractual instrument, including changes.

"Prime Contract" - the Government contract under which this Order/Task Order is issued.

### SPECIAL CONTRACT REQUIREMENTS

The following paragraphs are being added as an addendum to FAR 52.212-4.

#### H-1 ORGANIZATIONAL CONFLICTS OF INTEREST (OCI)

Offerors are advised that the nature of the related incidental service for delivery order work to be performed under the Information Technology Enterprise Solutions - 3 Hardware (ITES-3H) acquisition may result in an OCI in future acquisitions. This includes acquisitions that are in process.

a. Purpose. The primary purpose of this provision is to aid in ensuring that:

(1) The contractor does not obtain an unfair competitive advantage by establishing the ground rules for a future competition;

(2) The contractor's objectivity and judgment are not biased because of its present or future interests (financial, contractual, organizational, or otherwise) which relate to work performed under this contract; and

(3) The contractor does not obtain an unfair competitive advantage by virtue of its access to non-public or proprietary information belonging to others.

b. Applicability. By accepting a delivery order under this contract:

(1) The contractor agrees that if it provides, under a contract, task order, or delivery order, systems engineering and technical guidance for systems and programs, but does not have overall contractual responsibility, it will not be eligible for award of a contract or delivery order to supply the system or any of its major components or be a subcontractor or consultant to a supplier of the system or any of its major components. (FAR 9.505-1).

(2) The contractor agrees that it will neither evaluate nor advise the Government with regard to its own products or activities. The contractor will objectively evaluate or advise the Government concerning products or activities of any prospective competitors. (FAR 9.505-3).

(3) The contractor agrees that if it gains access to proprietary information of other companies, it will exercise diligent effort to protect such proprietary information from unauthorized use or disclosure. (FAR 9.505-4). In addition, the contractor agrees to protect the proprietary information of other organizations disclosed to the contractor during performance of this contract with the same caution that a reasonably prudent contractor would use to safeguard highly valuable property. The contractor also agrees that if it gains access to the proprietary information of other companies it will enter into written agreements with the other companies to protect their information from unauthorized use or disclosure for as long as it remains proprietary and to refrain from using the information for any purpose other than that for which it was furnished. The contractor shall provide copies of such agreements to the Contracting Officer.

(4) If the contractor, in the performance of this contract, obtains access to plans, policies, reports, studies, financial plans, data or other information of any nature which has not been released or otherwise made available to the public, the contractor agrees that without prior written approval of the Contracting Officer, it shall not: (a) use such information for any private purpose unless the information has been released or otherwise made available to the public, or (b) release such information unless release is otherwise authorized under the contract or such information has previously been released or otherwise made available to the public by the Government.

c. Non-Disclosure Agreements. The contractor shall obtain from each employee who has access to proprietary information under this contract, a written agreement which shall in substance provide that such employee shall not, during his/her employment by the contractor or thereafter, disclose to others or use for their benefit, proprietary information received in connection with the work under this contract. The contractor will educate its employees regarding the restrictions imposed by FAR 9.505-4 so that they will not use or disclose proprietary information or data generated or acquired in the performance of this contract except as provided herein.

d. Additional Constraints. Delivery orders issued under the contract may impose additional requirements and restrictions relating to this clause to include the requirement for the contractor and its subcontractors and employees to furnish the Government with written non-disclosure agreements or statements of no conflict of interest. By submitting its quote in response to a Request for Quote, the contractor represents that it has disclosed to the Contracting Officer, prior to the issuance of the delivery order, all facts relevant to the existence or potential existence of organizational conflict of interest as that term is used in FAR Subpart 9.5.

e. Conflicts Involving Future Procurements. The award of this contract and any subsequent delivery orders or acquiescence in the contractor's performance of related incidental services hereunder shall not constitute or be interpreted as a determination that the contractor is eligible to participate in future procurements, developmental efforts, implementation efforts, or related activities. Only the Contracting Officers for such efforts, applying the rules, principles, and procedures of FAR Subpart 9.5 have the authority to determine whether a conflict exists in connection with such procurements.

f. Representations and Disclosures.

(1) The contractor represents that it has disclosed to the Contracting Officer, prior to award of this contract, all facts relevant to the existence or potential existence of organizational conflict of interest as that term is used in FAR Subpart 9.5.

(2) The contractor represents that if it discovers an organizational conflict of interest or potential conflict of interest after award of this contract, a prompt and full disclosure shall be made in writing to the Contracting Officer. This disclosure shall include a description of the action the contractor has taken or proposes to take in order to avoid or mitigate such conflict.

g. Remedies and Waiver.

(1) For breach of any of the above restrictions or for non-disclosure or misrepresentation of any relevant facts required to be disclosed concerning this contract, the Government may terminate this contract for default, disqualify the contractor for subsequent related contractual efforts, and pursue such other remedies as may be permitted by law or this contract. If, however, in compliance with this clause, the contractor discovers and promptly reports an organizational conflict of interest (or the potential thereof) subsequent to contract award, the Contracting Officer may terminate this Contract or any task or delivery order issued under this Contract for Convenience if such termination is deemed to be in the best interest of the Government.

(2) The parties recognize that this clause has potential effects which will survive the performance of this contract and that it is impossible to foresee each circumstance to which it might be applied in the future. Accordingly, the contractor may at any time seek a waiver from the cognizant Contracting Officer by submitting a full written description of the requested waiver and the reasons in support thereof. (FAR 9.503).

(i) Conduct a review for evidence of compromise of covered defense information, including, but not limited to, identifying compromised computers, servers, specific data, and user accounts. This review shall also include analyzing covered contractor information system(s) that were part of the cyber incident, as well as other information systems on the Contractors network(s), that may have been accessed as a result of the incident in order to identify compromised covered defense information, or that affect the Contractors ability to provide operationally critical support; and

When a Contractor discovers a cyber incident has occurred, the Contractor shall preserve and protect images of all known affected information systems identified in paragraph (c)(1)(i) of this clause and all relevant monitoring/packet capture data for at least 90 days from the submission of the cyber incident report to allow DoD to request the media or decline interest.

(f) Access to additional information or equipment necessary for forensic analysis. Upon request by DoD, the Contractor shall provide DoD with access to additional information or equipment that is necessary to conduct a forensic analysis.

(g) Cyber incident damage assessment activities. If DoD elects to conduct a damage assessment, the Contracting Officer will request that the Contractor provide all of the damage assessment information gathered in accordance with paragraph (e) of this clause.

release, seeking to include only that information that is necessary for the authorized purpose(s) for which the information is being released.

(i) Use and release of contractor attributional/proprietary information not created by or for DoD. (k) The Contractor shall conduct activities under this clause in accordance with applicable laws and regulations on the interception, monitoring, access, use, and disclosure of electronic communications and data.

The safeguarding and cyber incident reporting required by this clause in no way abrogates the Contractors responsibility for other safeguarding or cyber incident reporting pertaining to its unclassified information systems as required by other applicable clauses of this contract, or as a result of other applicable U.S. Government statutory or regulatory requirements.

(m) Subcontracts. The Contractor shall--

(1) Include the substance of this clause, including this paragraph (m), in all subcontracts, including subcontracts for commercial items; and

Contract Terms and Conditions -- Commercial Items (Jun 2010)

In accordance with FAR 12.302, Tailoring of Provisions and Clauses for the Acquisition of Commercial Items, FAR Clause 52.212-4 is tailored as follows to reflect special contract terms and conditions that are unique for this contract. This tailored clause supersedes the version of FAR Clause 52.212-4.

(a) Inspection/Acceptance. The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post-acceptance rights --

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) Assignment. The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C.3727). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(c) Changes. Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(1) The Government reserves the right to issue unilateral modifications to effect administrative changes to orders.

Further, the Procuring Contracting Officer (PCO) may issue unilateral modifications to effect administrative changes to the contracts. All other changes in the terms and conditions of this contract may be made only by the PCO through written agreement of the parties.

(2) If the Government issues a Request for Proposal (RFP) for a technology change or any other type of change to the contract, the contractor shall submit a proposal within 30 calendar days of the RFP day, unless the RFP specifies a later RFP due date. Regardless of which party initiates a proposed contract change, should the Government request supplemental information to analyze the contractors proposal, the contractor shall provide the additional information within 7 calendar days of the request, unless the Governments request specifies a later due date.
